

# Exhibit Room

ICFO is pleased to let you know about our Exhibit Room, which provides opportunities for companies to display their products to ICFO staff.

Periodically, we invite a company to visit us, and display its latest offerings of interest for ICFO researchers. This is a unique opportunity to show our leading scientists your latest products and table top demos, and to get in touch with our institution. Your company may be eligible for an exhibition space.

Send any exhibit inquiries to:

**Ms. Núria Gómez**
